

# MR. GOODBAR<sup>®</sup>

## The Original Home Security Bars

### COMMERCIAL DOOR GRILLE INSTALL INSTRUCTIONS

TOOLS REQUIRED: Drill, Level, Marker (if needed)

1. Remove or loosen push handle on inside of the door
2. Position one of the pieces on the top part of the door, if you have a helper, have them hold the grille in place while you screw in the bar with the self tapping screws or if no helper, then mark the 4 screw position and predrill the screws.
3. Position the second bar on bottom of door and repeat from step 2.
4. Reinstall or tighten the push handle
